APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the place of use of the waters of an underground source as heretofore granted under Permit 57540 is issued subject to the terms and conditions imposed in said Permit 57540 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The total combined duty of water under Permits 57804, 57805, 59294, 59295, 62334, and 62335 shall not exceed 182.3 acre-feet annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.137 cubic feet per second, but not to exceed 20.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

N/A

Proof of completion of work shall be filed before:

ATTACHMENT 'A'

This application is being filed in order to co-mingle the water rights of two water ski lakes served from a common well. These lakes are referred to as Lippincott Ski Lakes #1 & #2. The existing and proposed places of use are under the same ownership. The total combined duty of this Application and Application to Change Permits 57539, 57804 and 57805, and Permits 59294 and 59295 shall not exceed 182.3 acre-feet annually.

For the proposed and existing point of diversion and existing place of use, refer to the map filed under Permit 57539. For the proposed place of use, refer to the map filed under Permit 59294.
